8th October 2018

Dear Parent/Guardian

As you are aware, your son/daughter will be taking their GCSE Computing exams in June 2018. In order to prepare for this, St Monica's have been given the opportunity to buy 2 revision books at the very reasonable price of £2.80 each.

The first book is a revision guide which covers all the topics in the exam and gives tips on answering typical questions. The second book is a workbook to help them test themselves. You have the option to choose either book or both together. The cost for both books is £5.60. I strongly recommend the purchasing of these books as they will greatly help your child with their exam preparation.

Your son/daughter will have covered all of the theory knowledge in their Computing lessons and will sit a mock test in November before their public exam. The books will also be able to help prepare for this mock.

If you would like to purchase the revision books, please complete the form below and ask your child to hand to their Computing teacher. Reply slips and payment on ParentPay should be completed before Friday 19th October 2018.

Should either you or your child have any concerns about what to expect with these exams, or you have any questions about the course, please do not hesitate to contact me.

As always, thank you for your continuing support.

Yours sincerely

Mrs J Bonson
Head of Computer Science
St Monica's RC High School

REPLY SLIP- CGP Computing Revision Guides

Child's name:..... Computing Class Teacher:.....

I confirm that I would like to order:

Revision Workbook £2.80

Revision Guide £2.80

I confirm I have made payment on ParentPay for these books.
